TEAK

PRODUCT CATALOGUE

Teak Care Products

- *Cleans embedded dirt and grease residues, opens pores in the wood.*
- *Penetrates into crevices where sanding is not possible.*
- *Ensures hygiene by repelling pests that nest inside the wood.*
- *Reveals the original texture of the wood without damaging the teak.*
- *More economical compared to other methods; saves time.*
- *Provides long-lasting protection on wooden surfaces.*

1) Remove paint and varnish residues from the surface using an HD Mop Disc or Cleaning Pad before application.

2) Wet the dirty surfaces and spray TEAK CLEANER on them, wait for it to take effect for a while, then brush the surface with a stiff brush. Rinse the surface thoroughly with plenty of water and proceed to the next step.

3) Spray TEAK RESTORER evenly onto the cleaned surface, wait for a short time for it to take effect, then rinse again thoroughly with plenty of water and let it dry.

4) Before oiling the dried surface, use an MD Cleaning Pad or Mop Disc to remove roughness and fuzz.

5) Apply a single coat of TEAK OIL to the dry surface using a cutting brush or roller, wait at least one day for the wood to absorb the oil thoroughly, then wipe it with a cotton cloth the next day.

6) In cases where the oil is absorbed excessively, complement the depleted oil by using teak oil in cream form for the second coat.

7) After maintenance, use TEAK SHIELD regularly to make the wood more resistant to environmental effects and to preserve its appearance for a long time.

READY-TO-USE / LIQUID TEAK CLEANER

TEAK CLEANER - INSTANT

Can be used directly, no dilution required
Covers up to 10m² / lt depending on dirt
250 ml | 500 ml | 1 lt | 2½ lt | 5 lt

BTCL-R

CONCENTRATED / LIQUID TEAK CLEANER

TEAK CLEANER - ULTRA

Dilution required with 1 to 5 part of water
Covers up to 50m² / lt depending on dirt
250 ml | 500 ml | 1 lt | 2½ lt | 5 lt

BTCL-C

READY-TO-USE / LIQUID TEAK BRIGHTENER

TEAK RESTORER - INSTANT

Can be used directly, no dilution required
Covers up to 10m² / lt depending on dirt
250 ml | 500 ml | 1 lt | 2½ lt | 5 lt

BTRS-R

CONCENTRATED / LIQUID TEAK BRIGHTENER

TEAK RESTORER - ULTRA

Dilution required with 1 to 5 part of water
Covers up to 50m² / lt depending on dirt
250 ml | 500 ml | 1 lt | 2½ lt | 5 lt

BTRS-C

CONCENTRATED / POWDER TEAK CLEANER

TEAK CLEANER - POWDER

Can be dissolved 1 to 10 parts of water
Covers up to 50m² / kg depending on dirt
250 g | 500 g | 1 kg | 2½ kg | 5 kg

BTCL-P

SOLVENT-FREE / LIQUID NATURAL TEAK OIL

TEAK OIL - NATURAL

Can be applied in either one or two coats
Maximum coverage area is 10 m² / liter
250 ml | 500 ml | 1 lt | 2½ lt | 5 lt

BTOL-N

CONCENTRATED / POWDER TEAK BRIGHTENER

TEAK RESTORER - POWDER

Dilution required with 1 to 10 part of water
Covers up to 50m² / kg depending on dirt
250 g | 500 g | 1 kg | 2½ kg | 5 kg

BTRS-P

SOLVENT-FREE / LIQUID REFINED TEAK OIL

TEAK OIL - REFINED

Can be applied in either one or two coats
Maximum coverage area is 10 m² / liter
250 ml | 500 ml | 1 lt | 2½ lt | 5 lt

BTOL-R

SOLVENT-FREE / CREAM NATURAL TEAK OIL

TEAK OIL - WAX

Can be applied in either one or two coats
Approximate coverage area is 25 m² / kg
250 g | 500 g | 1 kg | 2½ kg | 5 kg

BTOL-W

READY-TO-USE / POWDER CLEANER & BRIGHTENER

TEAK RENEWER - INSTANT

Can be applied in either one or two coats
Approximate coverage area is 25 m² / kg
250 g | 500 g | 1 kg | 2½ kg | 5 kg

BTRN-R

SOLVENT-FREE / CREAM TEAK PROTECTOR

TEAK SHIELD - WAX

Can be applied in either one or two coats
Approximate coverage area is 25 m² / kg
250 g | 500 g | 1 kg | 2½ kg | 5 kg

BTSH-W

READY-TO-USE / BALM TEAK PROTECTOR

TEAK SEALER - BALSAM

Can be applied in either one or two coats
Approximate coverage area is 25 m² / kg
250 g | 500 g | 1 kg | 2½ kg | 5 kg
